JOB DESCRIPTION

Dave Witcraft  
Primrose Oil Company

I would like to say that we've been using DAVE for over 20 years and appreciate his honesty & experience in the oil business. He has always lead us in the right direction.

We use skid loaders & Kubota articulating loaders and other landscaping equipment.

We have tried many many greases and have found none that work as well as the Primrose 327 #2 grease. With the small pins on the skid loader & Kubotas nothing else would last; the Primrose does. (we grease every time we fuel). We really like your product.

Thanks again for having a GREAT GREASE!

Jim Chalupsky

Net 10 days 1.5% per month

Plant warranty does not cover over or under watering. Mechanical damage - weed eaters, mowers.  
Animal damage - rabbit, deer, dog, etc. Mother nature - hail, frost.
